- Actively write Tweets and posts on ([X](#))
- Participated in various hackahons.

SUMMARY

Over the past two years, I have cultivated expertise in a spectrum of technologies, including HTML, CSS, JavaScript, React.js, Node.Js, Express.js, Next.js, Python,MongoDB and MySQL. My proficiency extends to web designing, where I leverage tools like Figma to craft visually compelling and user-centric interfaces. Additionally, I possess hands-on experience in meta ads management and design, contributing to comprehensive digital marketing strategies. Throughout this period, I've executed multiple projects, demonstrating a keen eye for detail, problem-solving prowess, and a commitment to delivering high-quality solutions.
